

CARDIFF MARINE SERVICES

Cardiff Marine Services – August 2008

An introduction to Cardiff Marine Services

Cardiff (formerly Cambrian) Marine Services Ltd. is owned by the Cardiff Marine Group. Incorporated in 1979, the company has been repairing and servicing boats in Cardiff Bay for nearly thirty years. Soon to move to their new home at Cardiff Marine Village they are a fast growing team of dedicated and professional marine engineers.

The business has a skilled and knowledgeable workforce and with the former harbourmaster of Cardiff Harbour Authority, Rob Freemantle at the helm they are expanding the team and continue to recruit and train the best marine engineers in the business.

Cardiff Marine Services offer their customers the complete package of lifting, maintenance, repair and specialist treatments for their boats. They are an accredited service and supply centre for leading industry brands that include Volvo Penta, International Yacht Paints, Beta Marine and Hot Vac Hull Cure.

Cardiff Marine Services has recently benefited from significant investment in state of the art boat lifting and manoeuvring equipment. A new knuckle boom crane now allows for efficient 'de-masting' and rigging work and a convenient way to 'wash off' boats up to 5 tonnes. A new 20 tonne swing arm crane and boat mover and a specialist marine forklift is also to be installed at their new home at Cardiff Marine Village.

In the last twelve months Cardiff Marine Services has dramatically expanded its storage facilities. They are developing a 110 space 'Dry Stack' system at Cardiff Marine Village and have a 2 ½ acre site in the Roath Basin that will accommodate up to 200 boats on the hard standing in a safe and secure compound.

- Hard storage for up to 200 boats
- Dry Stack storage for 110 boats

Quotes

"We offer the complete package to our boat owners and are proud of the reputation we have for providing a professional, courteous service. We understand the needs of our customers because we are boating people ourselves."

Robert Freemantle – Operations Director

"The speed of response I received was first rate and their service delivery was exemplary by engineers who unstintingly worked to resolve issues with a yacht that had been poorly maintained over many years. I have no hesitation in recommending Cardiff Marine Services to any yacht owner who needs a good company which can be relied upon to provide a solution to his yachting needs."

Michael Mason – Customer
